

The Kabbalah: Key To Hidden Knowledge

With Richard Smoley

At Indralaya, on Orcas Island

Thursday, June 6 – Sunday, June 9

The Kabbalah, a mystical teaching rooted in Judaism, has played a central role in the Western esoteric traditions. During this workshop, Richard Smoley will explore the history of this enigmatic tradition, how it relates to Theosophy and other teachings. He will introduce the Kabbalistic diagram, known as the Tree of Life and show its relationship to human life and consciousness. Meditations, rituals, and guided visualizations will help participants to experience some of the truths of Kabbalistic teaching for themselves.

Richard Smoley has over thirty-five years' experience of studying and practicing the Kabbalah. He is the author of many books, the former editor of *Gnosis: A Journal of the Western Inner Traditions* and current editor of the Theosophical Society's *Quest Magazine* and *Quest Books*.

This workshop coincides with the annual meeting of the NW Federation of the Theosophical Society.

Members of the Theosophical Society will receive a 10% discount on fees.

Costs including program fee, accommodation and food range from \$205—\$310.
