#### SEPTEMBER 26: THE SACRED MOTHER: ISIS, MARY, AND GUANYIN

Diana Soria, a former president of the Milwaukee Lodge, will discuss the "Sacred Mother" concept with a comparison of three of the most famous beings representative of motherhood. Diana has studied worldwide and is a well known teacher and healer.

#### OCTOBER 3: THE CONVERGENCE OF SCIENCE AND SPIRITUALITY

Philip Mereton, author of the Quest Magazine "Does God Evolve?" joins us to highlight his book "The Heaven at the End of Science: An Argument for a New Worldview of Hope." He will discuss how spirituality and science are evolving to a point of convergence that will occur when science rids itself of the unnecessary assumptions of materialism. Philip is a practicing lawyer with a degree in philosophy. He lives in Glen Ellyn, IL and his book will be available for purchase.

## OCTOBER 10: TIBETAN BUDDHIST MEDITATION

Join us for an evening exploring theosophical connections to Tibetan Buddhism, explanations of some basic concepts in Tibetan Buddhist meditation, and experience a meditation as given by HH the 16th Karmapa. Presenter Susan Miller has been a student of Buddhism for decades and a practitioner of Diamond Way Buddhism for four years.

Kathleen Neuman leads us through Chapter 23, The Vedas and the Bible.

## OCTOBER 24: JIN SHIN JYUTSU AND TAI CHI

Diana Soria returns to provide an introduction to these oriental disciplines and their use for personal healing. Her training goes back to Master Jiro Murai in Japan through Mary Burmeister of Phoenix, a student of the Master. Diana has practiced Tai Chi Ch'uan for forty years and has appeared on TV in Spain and the US including Hawaii.

## OCTOBER 31: KABBALAH: THE INNER MYSTICAL SECRETS OF THE TORAH

The Torah, the first five books of the Bible, were handed down directly from God. As such they contain information not freely available to the casual student. Rabbi Yoseph Samuels invites us to delve into some of this otherwise inaccessible knowledge.

## NOVEMBER 7: INTRODUCTION TO THERAPEUTIC TOUCH

Therapeutic Touch, a medically acceptable form of hands-on healing, was developed in the 1970's by Dora Kunz and Dolores Krieger. In this session Dr. Bev Zabler, a TT practitioner for over thirty years, will present the concepts underlying this healing technique.

## NOVEMBER 14: STUDY GROUP, ISIS UNVEILED, PART TWO

Tom Wroblewski will lead the group in a discussion of Isis Chapter 24 which deals with "The Devil Myth." Holy water will be available.

## NOVEMBER 28: MYSTICISM IN ANCIENT CAMBODIA

The current materialistic and scientific atmosphere has pushed mysticism into the background. All civilizations BCE, however, had highly developed mystical systems. Dr. William Rogers returns to discuss such beliefs as held in old Cambodia.

## DECEMBER 5: A HOLIDAY MYSTERIES CONCERT

Kevin Reger, an ordained minister, an Edgar Cayce organization coordinator, and a House of Hospitality worker, is also a folk singer with a unique sense of humor. He will perform original songs highlighting the mysteries of the Judeo-Christian tradition and offer a lament for the decline of Western Civilization. Join us for this introduction to the Holidays!

## DECEMBER 12: STUDY GROUP, ISIS UNVEILED, PART TWO

Jacob Hey leads tonight's discussion on Chapter 19, "Mysteries of the Kabbala."

## DECEMBER 19: INDUCTION OF NEW MEMBERS, OPEN HOUSE AND DISCUSSION

Bring your questions and topics of interest to this concluding session.
