## "THE SECRET DOCTRINE SYMPOSIUM"

IN SEPTEMBER the National Lodge of the Theosophical Society in America will embark upon a 12-month study of H. P. Blavatsky's magnum opus, *The Secret Doctrine*. The "Symposium" will consist of some of the best analysis, suggestions for study, and commentary to be found in Theosophical journals over the past 60 years, which have been selected and compiled by National Secretary David Bruce.

Both seasoned students of *The Secret Doctrine* as well as novices should find this course to be of great value. Most of the articles included in this course will not be found on the Internet or anywhere else. This course, which begins in September, is being offered exclusively to members of the National Lodge. If you haven't already joined the National Lodge, please sign up now.
