March 23 **TAROT AND THE SYNTHESIS OF THE CONSCIOUS AND NOT-CONSCIOUS MINDS** – *Chrissy LaVielle*

The major arcana of the Tarot are a pictorial guide to man's search for the greater Self through the synthesis of the conscious and not-conscious minds. Join us today in a journey of discovery as we examine the images of the Tarot.

Chrissy LaVielle is a life-long student of the tarot and occultism in general. She has taught courses on magic, witchcraft, and astrology since 1995.
