Solving the Mayan Calendar Mystery [videorecording] / NSI: New Science Ideas ; produced by Ian Xel Lungold. Venice, CA : UFO TV, c2005. 2 videodiscs (ca. 311 min.) DVD.

Among their many accomplishments, the ancient Maya invented a mysterious calendar system of remarkable accuracy and complexity. However there's more to the Mayan calendar than just a system to mark off the passage of time. The Mayan calendar is above all a prophetic calendar that may help us understand the past and foresee the future, including a prediction of the end of time which is due to occur by the year 2012 according to Mayan calendar prophecy. For more than 500 years adventurers and archaeologists have studied the Mayan civilization for clues about the prophetic nature of their calendar system. Due to the translation of Mayan writings, discoveries of calendar inscriptions at Mayan ruins and the availability of scientific facts about Earth's history, a new picture is now emerging.
