MADAME BLAVATSKY AND THE CYCLES OF TIME

Madam Blavatsky described an unknowable, unfathomable, and mysterious ultimate reality behind all of life. This absolute reality permeates and inhabits all of creation from rocks to trees and animals in a way that makes all of life interdependent and interrelated. The second proposition is of periodicity or cycles. This unknown Absolute Reality expresses in cosmic cycles. ***This presentation is based on the second proposition: the cycles of time.***

Dr. Amao will undertake the following and more...

1. Clarify and differentiate between the concepts of cosmic cycles based on the constellations and those based on the zodiacal ages.
2. Describe the precession of the equinoxes and religious changes in human history.
3. Discuss an approximate date for the beginning of the Aquarian Age.
4. Define the transitional period from the Age of the Fishes the Aquarius Age.
5. Delineate the sociological and religious characteristics of the Cosmic eras.

THE POWER OF THE MIND TO HEAL, A SCIENTIFIC EXPLANATION OF MIND HEALING

How Millions of People Were Healed without Medicine

Is mind or mental healing a myth or fact? Have you ever wondered how millions of people have been healed from "incurable" diseases without medicine? Can one be restored to health through the power of the mind alone? Or is it a spontaneous remission, a placebo effect, or the result of a suggestion? This presentation provides a rational and scientific explanation to those unique questions. We will try to provide a rational explanation of the power of thought to heal the mind and body.

The fundamental thesis is that ***All methods of mind/spiritual healing are self-healing...***

We all have an inner capacity to heal ourselves. We will examine cases of contemporary New Thought leaders who self-healed from "incurable" diseases free of medicine, and describe the mechanism that triggered their healing. Their experiences have benefited millions of followers worldwide. The beauty of New Thought is that it empowers us to become conscious co-creators of our well-being and achieve success in other areas.
