In this live lecture, Dr. Dyer calls upon various spiritual leaders to affirm the idea that is posed in the Course in Miracles: "You don't have any problems; you only think you do." By turning thoughts into a positive vein, one can see problems differently and begin to resolve them. Some of his tools for empowerment are: let go of the past, surrender, play host to god by not being a hostage to your ego, learn to meditate, and recognize that the power for change is always right within you. With humor and great stories, Dyer brings his points home.
